

PRESS RELEASE

Kheper Games, Inc. Launches Progress Line: Any Couple Sex! Dice and Sex!!!

Kheper Games, Inc. is proud to announce two new games as part of a new Progress line, that utilizes the Progress Flag in their designs. The games are named *Any Couple Sex! Dice* and *Sex!!!, The Game for Any Couple, Thurple, or Quad*. Later this month, a third item in this line will launch; *All Dicks Penis Candy* that will also incorporate the licensed Progress Flag in the packaging.

Any Couple Sex! Dice is a two dice game with 1-inch dice. One shows sex positions and the other specifies how long to do the position until you roll again. The positions are all gender neutral, and toys can be incorporate if desired. It is the first dice game to show non-gender specific sex positions.

Sex!!! is a board game that utilizes a colorful spinner to determine how markers move around the game board. Three and four markers can be used when playing within a thurple or quad. The winner is the first player to hit the Sex! space at the end of the game board. That player spins the spinner for a sex position as each space on the spinner includes a color and a gender-neutral sex position. Extra spins are taken for each additional player in the game. It's all about fast-paced foreplay that quickly moves to sex.

“We are very thrilled to be working with Daniel Quasar to share the Progress flag in our packaging” explains CEO Brian Pellham. “The message the flag represents is one that we have been very eager to incorporate into our brand’s messaging. We strive to have romance and sex games for everyone and this flag also lends itself to beautiful packaging that everyone at the ANME show appreciated.”

The Progress Flag was introduced in 2018 and it adds the representation of trans people and LGBTQ+ people of color to the traditional pride flag. It's use has become increasing popular during pride celebrations and has become the one displayed prominently in cities such as Seattle, during their 2021 Pride Week.

Kheper, Inc. has an extensive line of romance games, including: *100 Date Nights, Hedonism, Mind, Body & Soul, Sex!, Lust!, Let's Fool Around, Let's F*ck!, Fantasy Affairs, Intimacy, Oral Sex, Intimate Encounters, Creative Kisses, Seductions Kits*, and many, many more.
